

Who I am ?

Who knows who I am ?

Who is asking ?

;-)

*I am a clown,
sometimes sad,
sometimes happy,
a clown who tries to reconcile dark and light
who transforms injuries into love.
who changes water into wine*

Who I am ?

I am your friend

They call me

Luce

*True self can't be describes, named or catched in any word.
Luce clown disappears in Universe where we are all connected,
united, pacified.*

No boundaries , no separation.
